ANGELO STATE UNIVERSITY
CLINICAL EVALUATION
NUR 6344 – Adult Health I: Practicum in Advanced Nursing Care of the Adult

Student Name: _____ Site: _____

Date: _____ Faculty Evaluator:_____

Circle the number that corresponds to the student's clinical performance a majority of the time. Use the following key:

NA	No Opportunity to Perform
0	Omitted Required Item
1	Required Extensive Prompting
2	Required Much Prompting
3	Required Moderate Prompting
*	denotes behaviors critical to passing course

I. ASSESSMENT

A. Subjective Data (History)

1.	Obtains complete history for comprehensive, interval, or acute episodic visits.*	NA	0	1	2	3
2.	Assesses priority needs in eliciting the history.*	NA	0	1	2	3
3.	Demonstrates skillful interviewing techniques sensitive to the individual, family, or group client needs.*	NA	0	1	2	3
4.	Identifies factors contributing to client adjustment to health, disease status, and treatments.*	NA	0	1	2	3
5.	Demonstrates sensitivity to socioeconomic and cultural groups.*	NA	0	1	2	3

Comments: _____

_____

B. Objective Data

1.	Performs the indicated exam in an organized, timely manner.	NA	0	1	2	3
2.	Uses Assessment techniques correctly.*	NA	0	1	2	3
3.	Uses equipment correctly and efficiently in performing assessment.*	NA	0	1	2	3
4.	Differentiates normal from abnormal findings.*	NA	0	1	2	3
5.	Modifies the exam to reflect chief complaint, presenting symptoms, and obvious Or subtle differential medical and nursing diagnoses.*	NA	0	1	2	3
6.	Conducts and/or reviews previous physical, developmental, and screening procedures or labs.*	NA	0	1	2	3

Comments: _____

_____

II. DIAGNOSIS

1.	Demonstrates critical thinking and problem-solving skills in formulating appropriate Nursing and medical diagnoses.*	NA	0	1	2	3
2.	Prioritizes nursing and medical diagnoses.*	NA	0	1	2	3
3.	Provides rationale (pathophysiologic, psychosocial) for diagnoses formulated.*	NA	0	1	2	3
4.	Identifies potential health problems in formulating diagnoses.	NA	0	1	2	3
5.	Interprets test, procedure, and/or screening findings correctly.*	NA	0	1	2	3
6.	Incorporates health behaviors and at-risk status in formulating diagnoses.*	NA	0	1	2	3
7.	Diagnoses facilitators and barriers to achieving desired outcomes.	NA	0	1	2	3

Comments: _____

_____

II. MANAGEMENT

A. Therapeutics/Diagnostics

1.	Recommends/prescribes pharmacological therapies.*	NA	0	1	2	3
2.	Calculates and orders drug dosages based on client characteristics (e.g. age, weight) and health status.*	NA	0	1	2	3
3.	Recommends/prescribes non-pharmacological therapies.	NA	0	1	2	3
4.	Orders diagnostic tests/procedures as appropriate.*	NA	0	1	2	3
5.	Initiates interventions for health promotion, prevention, maintenance, and/or restoration.	NA	0	1	2	3
6.	Provides holistic, sensitive care (considers psycho-socio-cultural needs, includes client in decision-making, serves as client advocate).*	NA	0	1	2	3
7.	Provides age appropriate anticipatory guidance and health promotion (nutrition, safety, immunizations, risk-taking behavior).	NA	0	1	2	3
8.	Determines plan of care and intervention based on sound clinical judgment.*	NA	0	1	2	3

Comments: _____

_____

B. Education/Counseling

1.	Identifies teaching/learning needs of client/family.*	NA	0	1	2	3
2.	Provides appropriate education based on client learning needs.*	NA	0	1	2	3
3.	Provides counseling based on client needs.*	NA	0	1	2	3
4.	Provides anticipatory guidance and counseling for needs throughout the life cycle.	NA	0	1	2	3

Comments: _____

_____

C. Follow-up/Referral

1.	Designates follow-up as appropriate.*	NA	0	1	2	3
2.	Identifies resources for counseling, referrals, and follow-up.	NA	0	1	2	3
3.	Implements consults and/or referrals for health maintenance and acute/chronic problems.*	NA	0	1	2	3
4.	Coordinates treatment for chronic illnesses.	NA	0	1	2	3
5.	Initiates and takes responsibility for client case management needs (coordination of care).*	NA	0	1	2	3

Comments: _____

_____

IV. PRESENTATION/DOCUMENTATION

1.	Oral presentation is brief, succinct, and accurate.	NA	0	1	2	3
2.	Articulates theoretical basis for practice.	NA	0	1	2	3
3.	Articulates current research findings appropriate to decision making for the client encounter.*	NA	0	1	2	3
4.	Communicates/records data in succinct and organized fashion that uses appropriate terminology in a format consistent with the procedures of the setting.*	NA	0	1	2	3

Comments: _____

_____

V. ROLE IMPLEMENTATION

1.	Uses appropriate evidence-based references or resources.*	NA	0	1	2	3
2.	Knows own limitations.*	NA	0	1	2	3
3.	Accepts constructive criticism.*	NA	0	1	2	3
4.	Establishes therapeutic rapport with client.*	NA	0	1	2	3
5.	Uses non-judgmental approach with clients, staff and colleagues.	NA	0	1	2	3
6.	Works collaboratively with other health care personnel.*	NA	0	1	2	3
7.	Dresses appropriately for clinical setting.	NA	0	1	2	3
8.	Demonstrates the clinical nurse specialist role to colleagues, staff, and clients.	NA	0	1	2	3

Comments: _____
