

**Angelo State University Library
Policy and Procedure Memorandum**

PPM #2: **Mission Statement**

DATE: 15 February 2011

REVIEW: This OP will be reviewed every three years by the Executive Director of Library Services in consultation with University Library Committee.

The Porter Henderson Library provides access to information in all formats to Angelo State University and surrounding communities. In consultation with the University community, the Library builds, organizes, and maintains collections and services while cooperating with other libraries to meet the University's curriculum and research needs. Library staff members teach information literacy skills to all users enabling them to locate, evaluate and utilize information effectively, thereby preparing them to be successful in their careers and become lifelong learners.
