

College Board Advanced Placement Tests

Students may earn credit for the following Angelo State University courses by successful completion of Advanced Placement examinations administered by the College Board in participating high schools. A score of 3 or higher is required to receive credit. The same policy guidelines apply to these examinations as to other tests in the credit by examination program. College level credit will be awarded as appropriate and reflected in the chart below, but no grade is assigned. Credit thus awarded will not count as part of the student's official grade point average.

* Courses for which credit will be earned are determined by the Department of Art and Music.

** Non-equivalent, non-advanced credit earned by passing this examination will be used as elective credit.

Credit by Examination

Undergraduate students may earn credit by examination at Angelo State University in a variety of fields. Selected College Level Examination Program (CLEP) General Examinations and Subject Examinations as well as local examinations are administered regularly in the University Credit by Examination Program. Students who submit ACT or SAT I scores to the University for admission purposes are eligible for credit in selected courses if 1) their test scores are high enough to qualify for credit, 2) they enroll at Angelo State University, 3) they satisfactorily complete a fall or spring semester and pass the applicable section of a Texas Success Initiative (TSI) Assessment test.

Credit by examination may also be earned through the Defense Activity for Non-Traditional Education Support (DANTES) Subject Standardized Tests (DSST exams). Score reports submitted for DSST exams that have not been approved will be sent to the Dean of the College of Business for evaluation by the appropriate departments.

All examinations in the Credit by Examination Program are available throughout the year with the exception of the Enhanced American College Test, Scholastic Assessment Test I, and some local examinations which have separate established schedules. CLEP examinations are given by appointment.

Advanced registration is required for CLEP examinations. Candidates must register through the Division of Continuing Studies at least four weeks prior to the administration date.

Fees are charged for all examinations to cover costs of administration, test materials, scoring, and program development. For each local examination a fee of \$20 is charged. For each CLEP Subject Examination or CLEP General Examination which is scored by the Educational Testing Service, the fee is \$70, payable to CLEP, plus a **\$15** registration fee payable to Angelo State University. An individual who does not plan to register at Angelo State University and wishes to have scores forwarded to another institution must take a CLEP examination which is scored by the Educational Testing Service. ETS forwards the score to the designated institution. Since each college or university determines how it will use the CLEP examinations to award credit, individuals are urged to investigate the policies of the institution to which they plan to submit their scores. Information concerning the tests the institution recognizes, the required scores, essay requirements, and other conditions affecting the awarding of credit should be obtained from the institution prior to registering for any CLEP examination.

The credit by examination program at Angelo State University is subject to the following policy guidelines.

A student may take examinations for credit and have scores submitted to the Registrar's Office prior to enrollment at Angelo State University. However, credit by examination will

not be entered on the permanent record until the student has successfully completed a semester or summer term of academic work at Angelo State University. Information about scores required for credit on specific examinations may be obtained from the Division of Continuing Studies or the Registrar's Office.

To receive credit by examination, a student must pass the appropriate examination with a score that qualifies for credit. If a student receives credit by examination for a course and that credit is entered on the student's permanent record, the student cannot at a later date decide that the credit is no longer desired and have the course removed from the student's transcript. However, a student may repeat a course for which credit by examination was earned by enrolling in a regularly scheduled class and earning a grade for the course which would replace the credit earned by examination.

Prior to registering for a CLEP examination or local examination, Angelo State University students must obtain the approval of the dean of the college in which they are majoring. Once students have registered for the CLEP exam, they will have two months (60 days) in which to take the exam. Normally, students are permitted to receive credit by examination for courses except when they have completed advanced level work in a particular field and are seeking additional lower-division credit in the same field.

A student is not allowed to earn credit by examination for any course in which the student has a grade of *A, B, C, D, F, I, P, CR, NC, or AU*. Credit by examination may not be earned for a course which is prerequisite to another course in the same discipline for which the student has already earned credit. When such lower-division courses are required in a student's degree plan, the student is encouraged to seek a modification in the degree plan, substituting an advanced-level course for the lower-division course.

Credit earned by examination may not be used to reduce the residence requirements in any degree program.

None of the examinations in the University's Credit by Examination Program may be taken more than one time in a six-month period.

Enhanced American College Test (ACT) and Scholastic Assessment Test I (SAT I). Students scoring 29-31 on the English section of the ACT will receive credit for English 1301; 32 or above will receive credit for English 1301 and English 1302. Students scoring 32 or above on the Mathematics section will receive three semester credit hours in Mathematics 1302. Students scoring 29 or above on the Science Reasoning section will receive four semester credit hours in Physical Science (non-advanced credit with no ASU equivalent).

Students scoring 630-670 on the verbal section of the SAT I will receive credit for English 1301; 680 or above will receive credit for English 1301 and 1302. Those scoring 630 or above will receive three semester credit hours in Mathematics 1302.

Students who earn non-advanced, non-equivalent credit in physical science on the basis of ACT scores will not use this credit for fulfilling major, minor, or certification requirements. Any student eligible to receive credit based on ACT or SAT I scores must have these scores on file in the Office of Admissions prior to the last day of the first semester enrolled. It is the student's responsibility to provide ACT or SAT I scores to the Office of Admissions. Test scores cannot be older than five years. The credit will be awarded to the student in the first semester of enrollment. Credit will not be awarded after the student's first semester at Angelo State University.

Winners of the National Council of Teachers of English Achievement Awards in Writing are granted three semester credit hours for English 1301, subject to their passing a TSI assessment test in reading and writing. Winners of this award should contact the Office of Admissions to have the credit posted.

Credit by examination may be earned for the following courses. Credit by examination also may be earned for other University courses with the permission of the Provost and Vice President for Academic and Student Affairs.

College level credit will be awarded as appropriate and reflected in the chart below, but no grade is assigned. Credit thus awarded will not count as part of the student's official grade point average.

CLEP General Examinations. CLEP General Examination scores may be submitted for consideration for credit by individuals who have fewer than 30 semester credit hours, and in the examination areas in which they have not earned semester credit hours. For example, a first-year student who has earned no semester credit hours in the fine arts (art, drama, music) may take the CLEP General Examination in the humanities and submit the examination scores for credit.

First-year students at Angelo State University who desire to take a CLEP General Examination for credit should determine with the dean of the college in which they are majoring that they are eligible for the credit sought prior to registering for the examination. Eligibility will be determined according to the courses for which the student has earned credit during the first year.

1. Credit for physical science (non-advanced credit with no ASU course equivalent) will be allowed if the student has not earned semester credit hours for any chemistry, geology, physical science, or physics course.
2. Credit for University Studies 2381 (humanities fine arts) will be given if the student has not earned semester credit hours for any art, drama, or music course.
3. Credit for University Studies 2381 (social sciences and history) will be given if the student has not earned semester credit hours in an anthropology, economics, geography, government, history, psychology, or sociology course.

International Baccalaureate Program

Angelo State University recognizes the International Baccalaureate (IB) Program. Students may receive credit if one of the following options apply:

Option 1: Angelo State University will award at least 24 semester hours of course specific credit in subject appropriate areas on all International Baccalaureate exam scores of 4 or above as long as the incoming freshman has earned an IB Diploma. The student must supply an official high school transcript indicating that the IB Diploma has been earned before any credit may be awarded. College level credit will be awarded as appropriate and reflected in the chart below, but no grade is assigned. Credit thus awarded will not count as part of the student's official grade point average. Credit earned in this manner may not be used to reduce the residence requirements in any degree program. Course credit will not be awarded on any IB exams where the score is a 3 or less. This may mean that the student will not receive 24 hours of college credit, even if he/she has an IB Diploma. Credit will not be awarded for an exam if the student is enrolled in the course, or has already taken the course. An official IB score report must be received by Angelo State University before credit will be awarded

Option 2: If a student does not earn an IB Diploma, credit may be granted according to the following chart. Credit earned in this manner may not be used to reduce the residence requirements in any degree program. Credit thus awarded will not count as part of the student's official grade point average. An official IB score report must be received by Angelo State University before credit will be awarded.

| Discipline | Semester Credit Hours | Course(s) | Exam Score |
